Chairman's Message

I am happy to express that every year, We Are with You Charitable Trust is reaching more people. We started our projects with a cause and eventually, all of our projects are getting evolved. The systems and processes we designed are helping us to reach needy people in an organized way.

The year 2022-23 has a significant impact on our cause. The impact we created has grown exponentially. We put a special focus on Project Vaaradhi. We are taking care of 52 students, and providing them with financial, educational, and emotional support. Our reach through Project Bhavishya significantly increased. This year we organized many offline and online sessions to reach more students. With our Project Aarogya, we organized SaveYO quiz along with SUITS Care Network to create awareness about blood donation and organized many blood donation camps across three states. We organized many celebrations under Project Abhaya and contributed more than 14,000 meals this year. With these notable activities, we organized hundreds of activities with other projects to impact.

This year we increased our network in terms of collaboration with different organizations. Our collaboration with SUITS Care India led to a productive outcome. We organized SaveYO – a quiz to spread awareness about blood donations. This quiz witnessed more than 22,000 registrations and more than 13,000 participants in the quiz. More than 80,000 individuals were reached with the awareness programs.

Our collaboration with educational institutes like Vasireddy Venkatadri Institute of Technology(VVIT), KKR & KSR Institute of Technology and Science(KITS), and Hindu College, Guntur, allowed us to create a change in the student community with the help of the student community. We organized awareness sessions and offered volunteering and internship activities to the students of these institutes.

The phenomenal increase in our reach this year to impact more lives is completely because of our volunteers. The student volunteers turned out to be the best leaders and took independent decisions to impact more lives. It is our responsibility to recognize dedicated volunteers. So we started recognizing the best-performing branches and volunteers who are contributing to best of the society. We started embedding technology into our processes. We started using technology wherever possible and by the end of next year, we want to use technology everywhere and inspire other NGOs.

Finally, I cannot thank enough our donors who always trusted us and supported us with the funds. The donors turned our ideas into reality. I humbly thank all of our volunteers, donors, advisors, supporting organizations, and all other stakeholders for trusting our team and activities to impact lives.

S. Ayyappa

Ayyappa Siginam
Founder and Chairman

OUR VISION

Our vision is for a world where the opportunities to improve the quality of life are equal and freely available to the currently underserved population, including orphans, semi-orphans, the differently-abled, people living in slum areas, and those that experience homelessness.

OUR MISSION

We catalyze personal and social change by

- Enrolling and educating the community
- Equipping community organizers, student and youth leaders with resources for connection and service
- Create opportunities for improved access to health, education, and financial security for the marginalized people in our society

ABOUT US

WHO WE ARE?

We Are with You Charitable Trust is a youth-driven non-governmental organization working on education, environment, health, social, and woman empowerment activities with a volunteer network of more than 1,500 in Andhra Pradesh, Telangana, and Tamil Nadu.

With these projects, we reached more than 1,00,000 people from April 2022 to March 2023. We organized Student Empowerment Training, Career Guidance sessions, blood donation, and health camps, environment protection activities, spent time in orphanages and old-age homes by providing necessities, menstrual hygiene awareness sessions, clothes collection, and distribution camps, supportive care to the orphan, semi-orphan, and poor students, and many more. With the strong volunteer network, support from partner organizations, and guidance from the advisory board, we aim to serve more who need immediate attention.

OUR PROJECTS

IMPACT OF

PROJECT BHAVISHYA

Knowledge is Power

IMPACT

We are dedicated to supporting underprivileged students to get the best education in academics and the overall development of their skills. Our team visited government schools and organized Career Guidance and Student Empowerment Training sessions. We distributed Bhavishya books, the book with data containing various career opportunities and scholarships available for students. We organized six Children's Fests, a special activity to identify hidden talents in students, across our branches. With the initiative Diksuchi, we have reached more students and prepared them for their careers. With Diksuchi we organized career guidance sessions, placement preparation sessions, and specially organized corporate mock exams to help undergraduate students prepare for their placements.

PROJECT BHAVISHYA KEY HIGHLIGHTS

Impacted
12,500+
Students

- Children's Fest
- Student Empowerment Training
- Career Guidance
- Bhavishya Books distribution
- Diksuchi - online sessions

Children's Fest

Reached
1,000+
Students with Diksuchi

IMPACT OF PROJECT VAARADHI

We are with you

IMPACT

Under Project Vaaradhi, we are taking care of 52 students. Each student has a personal caretaker. We provide financial, educational, and emotional support to the students. We organized specialized workshops to enhance the skills of students and help parents and guardians in proper parenting. We started tuition to provide academic support to the students. We tracked the student performance in terms of academics, behavior, and all-round performance. We organized monthly performance review meetings to discuss the performance with the parent and guardian. We went to the schools where the students study and took specific feedback about the particular student. To increase creativity among students we started organizing Activity Saturday - where students attend tuition without bags and do various activities to develop a new skill. We started celebrations with students of Project Vaaradhi.

Supporting

52

Students and their families

Involved

200+

Student volunteers

KEY HIGHLIGHTS

- Taking care of 52 students
- Provided personal caretaker to each student
- Organized student and parent workshops
- Provided financial and emotional support to each student
- Tracked the performance of students regularly
- Monthly performance review with parent and student
- Saturday activities for overall skill development
- Celebrations with Vaaradhi students

IMPACT OF

PROJECT SCHOLARSHIPS

Money is not barrier for education

IMPACT

We don't believe that being poor stops us from achieving our goals. Mr. Ayyappa Siginam, Chairman and Founder of We Are with You Charitable Trust, and many of our volunteers are pursuing their higher education entirely with the help of scholarships. We gathered scholarships from various sources and included them in our book Bhavishya. These scholarships will be helpful to students starting from class 10 to undergraduate students with different degrees. The support from India's largest scholarship platform Buddy4Study helped us reach more students. With the help of Buddy4Study, we shared scholarship opportunities from more than 25 organizations. We supported a few students who are strong in academics by paying their college fees and guided many students to apply for different scholarships.

Scholarships

IMPACT OF

PROJECT GRANDHALAYA

One best book is equal to a hundred good friends

IMPACT

A good book is better than thousand friends, and a good friend is equal to a library. We believe in this statement and initiated this project to support those who need books. This year we shared the details of many courses and sites that provide books for free. We opened a mini-library at Ameenabad with almost 100 books. The students started reading biographies and novels. These books positively impacted the students. We acted as a bridge between students who needed books and donors who already had these books with them.

IMPACT OF

PROJECT AAROGYA

Health is Wealth

IMPACT

Under Project Aarogya, in collaboration with SUITS Care Network and SaveYO, we organized a quiz, SaveYO, to increase awareness about blood donation. The quiz witnessed more than 22,000 registrations and more than 13,000 participants. The quiz created a significant impact to raise awareness about blood donation. We organized 14 blood donation camps this year and collected more than 1,000 units of blood. We organized three medical camps. We organized online health awareness sessions. With the project, we reached more than 83,000 individuals.

KEY HIGHLIGHTS

- SaveYO quiz to raise awareness about blood donation
- Blood donation camps
- Medical camps
- Health awareness sessions

Reached
83,000+
Individuals

Donated

Units of Blood

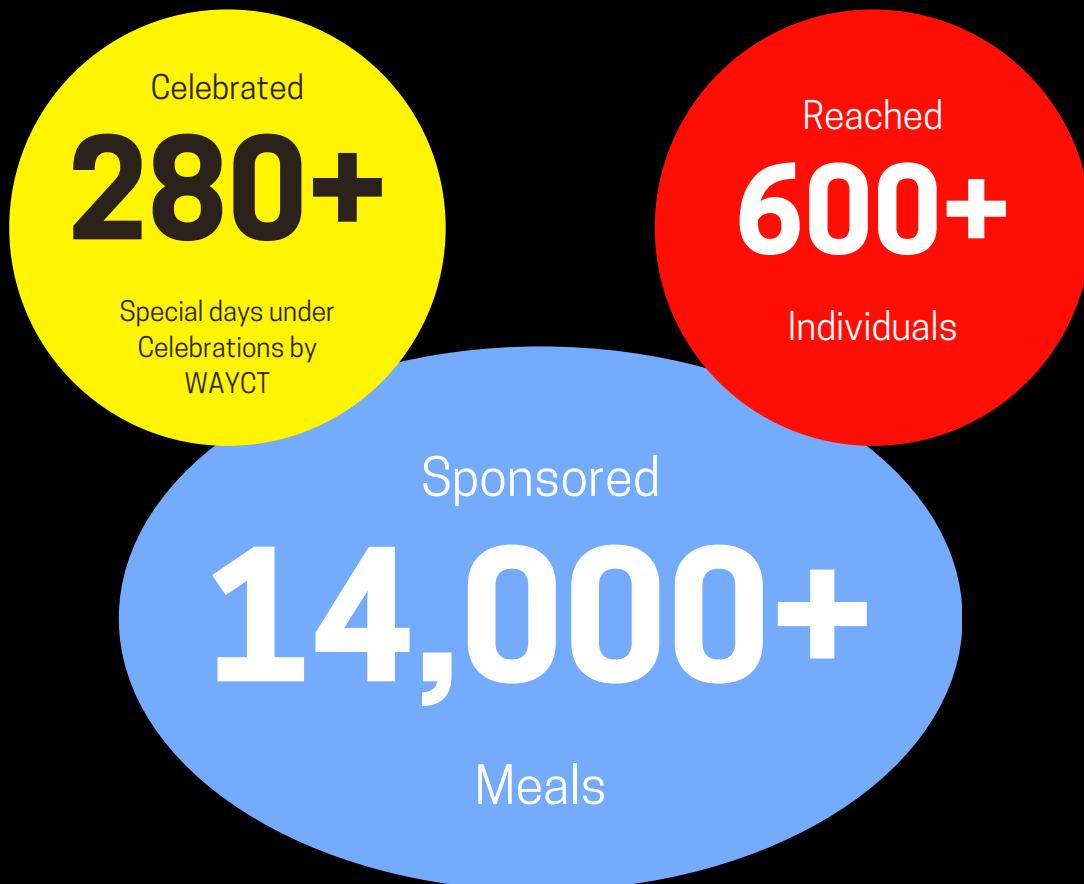

IMPACT OF PROJECT ABHAYA

Get true happiness on your day

IMPACT

Through Project Abhaya, we visited eleven orphanages and four old-age homes, interacted, and regularly spent time with kids and elderly people. We have an initiative called Celebrations by WAYCT, where we celebrate birthdays in orphanages and old-age homes, and this year we celebrated many birthdays. With the concept of Celebrations by WAYCT, we sponsored more than 14,000 meals this year. With this project, we supported more than 600 individuals and helped with the sustainability of a few orphanages. We organized skill development sessions and programs for the children at Sharon Orphanage to provide them the ability to live their lives independently when they leave the orphanage.

IMPACT OF

PROJECT ANNAPURNA

Giving brings happiness

IMPACT

We majorly organized clothes collection and clothes distribution events under Project Annapurna. We collected clothes from the donors and donated them to people in economically backward areas. We organized nine clothes collection and donation camps. With these camps we have reached more than nine hundred individuals.

IMPACT OF

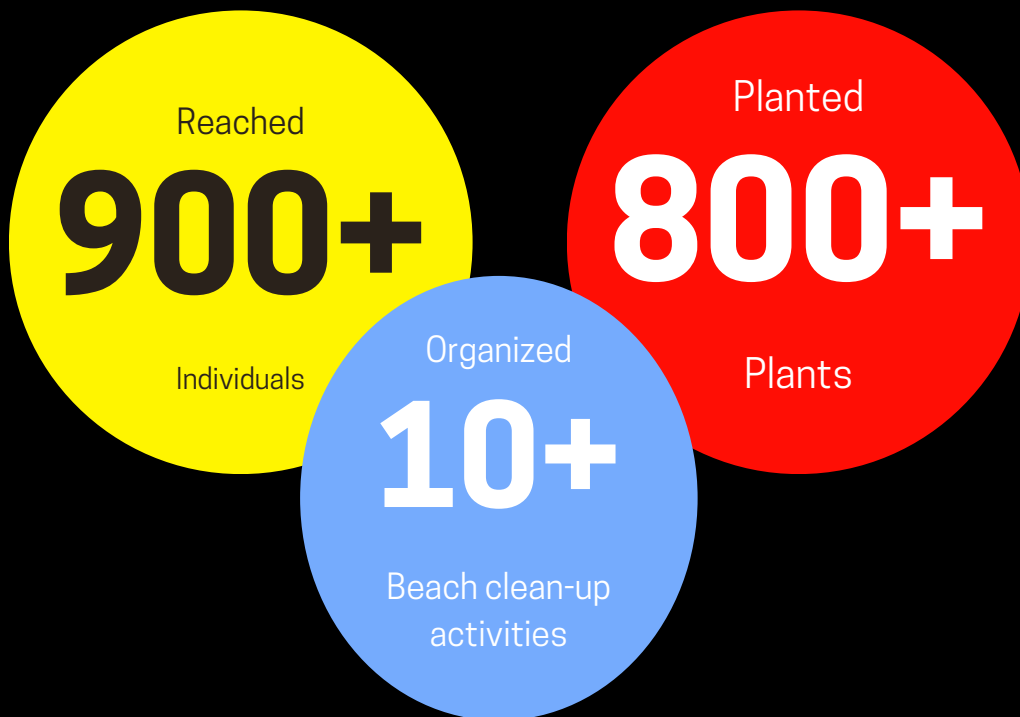

PROJECT PARYAVARAN

Let's be part of the solution but not pollution

IMPACT

With Project Paryavaran, we organized many activities to protect the environment. We organized twelve beach cleanup activities. We planted more than 700 trees while close to 100 participants accepted Greenery Challenge. In total, we planted more than 800 plants and reached more than 900 individuals. We organized awareness sessions and Swachh Bharat activities.

IMPACT OF PROJECT SWECHHA

Break the silence

IMPACT

With Project Swechha, we conducted online workshops on Adolescent Health Education Training. We conducted these workshops offline at schools, colleges, and hostels. We created awareness about changes in adolescent age, menstrual hygiene, child sexual abuse, related acts, child marriages, and various social issues through the workshop. We impacted more than 1,200 girls through the project. We visited slums, villages, schools, and colleges, organized awareness sessions, and distributed menstrual pads. We trained some NGOs under this project.

SDGs in WAYCT

Our projects are aligned with the following Sustainable Developmental Goals

There are 17 Sustainable Developmental Goals adopted by United Nations Organizations to address global challenges like inequality, climate change, environment degradation, quality of education and many more. Our projects are aligned with the following sustainable developmental goals.

WHAT'S NEXT?

We are dedicated to be the change agents we want to see in society. We want to reach more students who are in need and make them the leaders we wanted to see. To make it happen we are planning to make MoUs with Higher Education institutes and involve the student community for the betterment of the student community. We want to involve the student beneficiaries in the activities we do to create a greater impact. With our projects, we constantly focus on serving the needy and evolving taking the United Nations Sustainable Developmental Goals as our reference. In this process we are ready to partner with any government or non-governmental organizations and give our best to reach the goals.

As engineers, we want to make the best use of technology in the NGO sector. This year we are planning to automate most of our processes and prepare standard models and systems that replace manual work. By the end of this financial year, we plan to replace technology where ever possible and inspire NGOs with our work.

We again thank each and every volunteer, donor, supporting organizations, and advisors for constantly supporting us and we want the same support to achieve more.

The purpose of life is not to be happy.
It is to be useful, to be honourable, to be
compassionate, to have it make some
difference that you have lived and lived well.

— Ralph Waldo Emerson
